

## Board Nominations 2021

**Nominee:** Derek Kelter

**Nominating Full Member:** North Lanarkshire Disability Forum (NLDF)

**Summary:**

Derek has been a Committee Member with NLDF for the last 3 months. He shows clearly a passion for Disability rights and a thirst for knowledge around what matters to people within his community and wider local authority area.

Derek would be able to offer his own personal views and hopefully that of those we support within NLDF so we will be able learn and contribute to disability matters on a more national scale.

**Nominee:** Irena Paterson

**Nominating Full Member:** Moray Disability Forum

**Summary:**

As a disabled person Irena is aware of the issues and problems of disabled people for example, isolation and fears, especially in the recent months since Covid and lockdown. Irena has a wealth of Board experience having served with the Alliance and TSI Moray. She has been involved with NHS 24 Moray since it was set up and Moray Health and Social Care Community Engagement as a Public Representative. A great asset.

Both Derek and Irena have previously been on our Board for many years. After standing down for 1 year in line with our constitution, they can be elected again for 3 terms. As we only received 2 nominations and 3 places were available, both will automatically be elected and no voting is required at the AGM.
